

## **DOCUMENT MANAGEMENT**

- A tool to manage your documents

The document management module allows you to place documents in connection with locations (buildings, floors, rooms, open areas etc) or to link to the structure from external databases or websites.

Optimize your document management with EG MainManager's advanced document management module. Get version control via smart version control, request review of documents, easy upload/download to/from Google Drive, efficient search for files, as well as the ability to send documents to EG MainManager via email.
